

MUTINEERS TAKE OVER MAIN GERMAN FLEET

Revolt In Teuton Empire Spreads To Navy—Sailors Rose On Learning of Government's Plan To Make Last Effort With Submarines and High Seas Fleet.

London, Nov. 7.—The red flag of the council or workmen and soldiers waves today over the entire German high seas fleet at Kiel, the great naval base, while revolutionary outbreaks and peace demonstrations are reported from numerous fortress cities and towns of the German empire.

Dispatches from both Copenhagen and Amsterdam bring news of momentous developments in the revolutionary movement which appears to be spreading. From Kiel the revolutionary movement spread to Schleswig and latest advices state that the greater part of the naval units there have been seized by the "reds."

Wearing red cockades and flaming flaming banners, the revolutionists at Kiel seized every warship in the immense harbor, took control of the railways and street car lines, occupied Kiel castle and raised red banners everywhere.

Serious riots are taking place at many other points in the German empire where the rioters are demanding peace. The places include Hamburg and Warnemunde. Copenhagen dispatches say that no trains are arriving from either of these German cities.

Other scenes of violent demonstrations include Stuttgart, Munich, Erlangen, Nuremberg and other places.

London, Nov. 7.—The whole German high seas fleet at Kiel (the chief German naval base) has been taken over by revolutionaries, said an Exchange Telegraph dispatch from Copenhagen.

The greater part of the naval units at Schleswig has been seized, the dispatch adds.

The Kiel revolt was precipitated by the German naval authorities' plan to launch a naval attack on England in defiance of the new government's peace plans, it was learned here.

The council of workmen and soldiers at Kiel has approved the decision that Deputy Hausman, a Socialist, present a measure to the reichstag calling for the immediate cessation of military movements against the revolution.

The German navy has been ordered to leave Kiel harbor.

The revolutionaries have decided that military prisoners be released, it was stated.

Chief events here that the revolutionaries at Kiel will attempt to take the German fleet from Kiel to some neutral port.

The Allied navies are on the lookout.

A cablegram from the International News Service on Wednesday stated that mobs had begun rioting in Kiel and had threatened to destroy the whole submarine fleet. In fighting with military police and the rioters eight persons were killed and thirty wounded.

Today's advices show that the revolutionary movement is widespread throughout the whole German navy. Kiel, where the mutineers are reported.

to raise \$170,000,500 for the war work of the Y. M. C. A., Y. W. C. A., Jewish Welfare Board, National Catholic War Council—K. of C., War Camp Community Service, American Library Association, Salvation Army.

ULSTER COUNTY WAR CHEST

WHAT TO GIVE TO THE WAR CHEST

Suggestions as to What Individual Amounts Will Make Up the Quota For Ulster.

The War Chest Campaign Committee announced this morning suggestions with respect to the amount of the pledges that are needed in order that \$200,000 may be obtained to fill the war chest and that \$130,000 may be raised in this city to make up Kingston's quota.

The following schedule is offered as a suggestive minimum basis of war subscriptions:

If income is \$1,200 or less per year pledge \$1 per month.
If income is \$1,200 to \$1,500 per year pledge \$1.50 a month.
If income is \$1,500 or \$2,000 per year pledge \$2 per month.
If income is \$2,000 or \$2,500 per year pledge \$2.50 per month.
If income is \$2,500 or \$3,000 per year pledge \$3 per month.
If income is \$3,000 or \$4,000 per year pledge \$4 per month.
If income is \$4,000 or \$5,000 per year pledge \$5 per month.
Above \$5,000 the proportion should be increased so that the incomes of \$10,000 and upwards should give at least ten per cent.

The campaign committee wants to make it very clear that these amounts are suggested with the thought that they may perhaps be useful in helping subscribers to decide the average amounts which will need to be given in order that Ulster and Kingston may do their part.

The \$200,000 War Chest budget was determined after a most careful study of the requirements which need to be met during the coming year, including Ulster county's quota for the United War Work Campaign.

The distribution of the \$170,000,000 which is being raised throughout the nation for the war work of the Y. M. C. A., Y. W. C. A., National Catholic War Council, K. of C., Community Service, American Library Association and the Salvation Army has been determined by the United States government.

President Wilson, recognizing the need for the same close co-operation among these seven organizations in the raising of the funds required to maintain their work, which already exists in the carrying on of that work, asked them all to unite in one great national campaign.

The co-operation and good fellowship which has already been expressed in the work of these organizations, and as now being expressed in the campaign to raise money to support this work, is the most remarkable demonstration of every faith, of every color and of every race to cooperate for one great common end that this country has ever seen.

GERMAN CHANCELLOR INDICATES ACCEPTANCE

Proclamation Issued by Maximilian Says Delegates Will Conclude Armistice—Pleads for German Unity.

By Telegram to The Freeman.

Berne, Nov. 7. (1:15 p. m.)—"German delegates sent into the Allied lines in France were charged by the German government to conclude an armistice and open negotiations for peace," said a proclamation issued yesterday to the German people by Chancellor Max.

The proclamation said:

President Wilson responded today to the German note saying that the Allies approve, with the exception of liberty of the sea, the fourteen points which he named as conditions for peace last January. He added that the conditions of an armistice would be communicated by Marshal Foch. In negotiations for peace and an armistice we now find ourselves joined. To finish the massacre the German nation was charged to conclude an armistice and open negotiations for peace.

"This delegation left for the western front.

"The success of the negotiations would be gravely compromised by trouble or lack of discipline. During more than four years the German people supported in unity and calm sufferings and heavy sacrifices of war. In this decisive hour each citizen should then take cognizance of his high responsibility to the people in performing his duty."

BRIEF REVIEW OF THE BATTLE NEWS

Although the German armistice envoys were reported to have reached the Allied line the whole western front was aflame with battle today with the French, British and Americans going forward in the three vital sectors.

North of the Oise river the French have swept past Du Nouvion and Regnaval forest and are driving towards Hirson, one of the most important German bases on this sector.

The pursuit of the Germans was continued by the French this morning over a front of nearly 100 miles.

British forces operating east of the Mormal forest have captured several more villages in their sweep towards Bavay, Maubeuge and Mons.

Americans operating north of Verdun are reported to have launched a new drive west of the Meuse river, advancing five miles north of Beaumont. This brings them within five miles of Sedan, an important German pivot position, which is now in flames.

ARMISTICE NOT YET SIGNED

Press Association Report Started Whole Country on Campaign of Victory—But the Good News Must Come, is Belief.

By Telegram to The Freeman.

Washington, Nov. 7.—An unconfirmed report carried by the United Press Association was responsible for the state department making inquiries, presumably of the Inter-Allied war council at Versailles. The answer came back promptly that the armistice had not yet been signed. Whether or not it had been delivered into the hands of the German commission was not stated.

It was also learned that the state department was in receipt of a dispatch that Marshal Foch had arranged to meet the German commission at five o'clock European time. In that event, the meeting would have taken place at noon.

Ellenville, Nov. 6.—Mrs. Charles M. Huntsberger of Canal street is indeed a proud woman. On her annual hunting trip up at Peekamooses over the week end she shot and killed one fine deer which was brought to her home in the village. The fine venison was divided and enjoyed by the family and friends.

Yama Farms on Napanoch road, under the supervision of Mr. and Mrs. Laforge, is one farm in this locality to have special mention. On this farm there are 76 head of cattle, high thoroughbred Jerseys, after disposing of 25 heads during the summer. The finest barns, house the fine cattle, the crops have been of the best and everything about the farm is an uplift. It has always been known as one of the best farms on the Kingston highway and under the present ownership the Yama Farms people and the present management it is at the present time one of the best farms to be found in any locality.

Following the regular meeting of the O. E. S., held Monday evening, a reception was held in the honor of Dr. Hobson, who has recently been appointed by the grand chapter of the O. E. S. to the office of A. G. L. of the 11th district for the ensuing year. There was a large attendance of members also a number of Masonic Brothers were in attendance. It was altogether a very delightful affair. Dr. Hobson, who has been a member of this organization and an officer, is a general favorite, always one of its most willing workers along all lines, so on this happy occasion nothing was left undone to make it a most memorable time. On behalf of the society Miss Carolyn Clark presented to Dr. Hobson a large bouquet of beautiful chrysanthemums, which was most happily accepted with very kind remarks of appreciation and thanks. W. M. Mrs. Nellie V. Sawyer presented the order at this time a beautiful silk service flag, which was accepted. Refreshments were served by a committee of ladies, and there were enjoyed with a delightful social intercourse.

Historic Windsor Castle.

King Edward III assured every county of England to send him a certain number of masons, stone masons and carpenters and thus Windsor castle was built on the ground on which it is located. King Arthur used to sit surrounded by his knights. During the reign of George IV, it was improved and restored by the court architect, Sir Jeffrey Wyatville, and Queen Victoria spent nearly a million pounds in restoring and perfecting it. Windsor is an ideal spot and its castle is surrounded by more than 1,300 acres of park and forest.

Question: "Are they as warm as wool?" The reply may best be taken from the report of the U. S. Department of Commerce, Bureau of Standards, Washington, D. That a "Beacon" 2 1/2 lb. Blanket tests 30 per cent warmer than the 5 lb. wool blankets.

ARRESTED FIVE FOR DRAFT OBSTRUCTION

For alleged obstruction to the draft law's operation in the cases of A. Ghaud Foote and Gilbert F. Foote, Jr. those two young men their father, Gilbert F. Foote, Charles W. Swift and Albert A. Simpson all of Poughkeepsie, were arrested Tuesday noon in that city by agents of the Department of Justice on bench warrants based upon indictment found in the United States court in New York. Mr. Swift is a member of the district board which sits at White Plains and acts upon appeals from the decision of local boards. Albert A. Simpson is the secretary of the Poughkeepsie draft board.

Both Mr. Simpson and Mr. Swift were customers of the defunct brokerage firm of A. Ghaud Foote & Co., of which Gilbert F. Foote was the leading partner. Although copies of the indictment did not reach Poughkeepsie Tuesday, the Eagle-News is understood that the principal points hinge about the deferred classification of A. Ghaud Foote, who was put in class "B" by the district board of White Plains with the approval of at least two members of the local Poughkeepsie board on the ground of industrial necessity. He is employed in the shipping department of the Erie Railroad Company having married the daughter of W. N. McIlvray, one of the prominent members of the firm in 1915.

FOOD CONSERVATION STILL NECESSARY

The following has been received from Washington:

Some of our citizens feel that with the approach of the end of the war the necessity for food conservation is growing rapidly less. No greater mistake could be spread among our local citizens. Every square mile of territory we capture and two nearer peace approaches the greater is the necessity until the next harvest for the people who have so long supported the food administration to increase their efforts in conservation and saving of food. It will be necessary this coming year to export 50 per cent more food stuffs than was done during the past year, and if it becomes necessary to feed a larger territory and larger population even greater amounts must be sent.

ANTHONY ALSIESKI GASED IN ACTION

Anthony Joseph Alsieski of No. 29 East Pierpont street was gassed in action in France and is now in a base hospital in England. A post card written by him while on board a ship crossing the channel to England from France was enclosed in an envelope from the war department and received today by his mother Mrs. Josephine Smith. He writes on the card: "Dear Mother—Just a few lines to let you know I am now on my way to a hospital in England but don't worry. I will be all right again. I have not been wounded. I have bronchitis from being in water and mud in the trenches and I also got gassed. I will be O. K. again after a few weeks. I don't worry. The card was signed: Tony Private Alsieski left Kingston with Company M for Camp Wadsworth. He was well known down town and his many friends hope for his speedy recovery."

True Education.
Education is not learning; it is the
exercise and development of the
powers of the mind. There are two great
methods by which this end may be ac-
complished: it may be done in the
halls of learning or in the conflicts of
life.—Princeton Review.

Nervous Headache.
There is no state of mind that so
quickly affects the regular, organic
working of the brain as strong emotion,
and so it is only natural that
emotion excites various nervous dis-
orders—headaches, epilepsy and even
insanity.

Both's Strategy.
One day during the four war the
arduous march to Winchuck in the
drilling sun was particularly trying.
General Both's cheerily told his men
to hock up, as he hoped to finish the
campaign and be home in time for his
wife's birthday. His men cheered and
battled on in good heart. But by and by
one of them asked the date of Mrs.
Both's birthday. "Oh! that is a
secret," was the reply, and then the
men realized that the laugh was
against them.

CHILDREN MOTHERED DURING EPIDEMIC

Five Results Attained by Woman's
Home Defense Through Volunteer
Services and Gifts for Children of
Afflicted Parents.

One of the most valuable pieces of
philanthropic work which has been
done in this city in a long time was
that of the Child Welfare Committee of
the Woman's Branch of the Na-
tional Council of Home Defense in
caring for the little ones whose par-
ents were sick with the influenza.
The mothering which these children
received went a long way toward
making them comfortable as well as
bringing several of them to a much
better state of health than they were
in when they were received at the
temporary home. The only unfortu-
nate feature of the work was that
it could not have been longer con-
tinued, especially after getting the
place prepared and equipped. The
final report of the good accom-
plished follows, and speaks for it-
self.

On October 17th, this committee at
the request of the board took charge
of the opening of a temporary shelter
for well and convalescent children in
the building formerly called The
Home of The Holy Childhood.
Since that time 29 children have
been cared for in this Emergency
Home. Of these 20 have been re-
turned to their own homes, 3 placed
in private board homes and 6 in St.
Mary's Home in Port Jervis.
These children have been provided
with wholesome food and many have
been given a special diet. One young
child, who was found to be suffering
from malnutrition, was given most
tender care night and day and its
condition is much improved.
The nursing babies, whose moth-
ers were unable to nurse them, were
fed milk, and upon return to their
mothers were provided with formula and one
quart of pasteurized milk a day.
These babies will be followed up by
the committee and further care
given.

All this has been made possible
through the kindness of many
friends and volunteer workers, who
have given food, toys, clothing and
personal service. We would like to
mention each name separately, but
that is impossible.

Dr. George C. Easten visited the
home every morning examining each
child daily.
Miss Jennie Riseley had charge of
the grade school, who volunteered
their services during the day.
A nurse or experienced mother was
in charge during the night.

Miss Florence McEntee rendered
valuable assistance also.
The Ambulance Corps and other
friends gave motor service for the
conveyance of workers and outside
calls among the families, of which
more than 75 have been made. In-
vestigating conditions, relieving
wherever necessary and in bringing
children to and from home.

The Boy Scouts were most helpful
in cleaning the house, which had
been closed more than two years, and
working about the grounds.
The committee esteem it an honor
to have assisted the Board of Health
in extending a helping hand to the
children of Kingston in their hour of
need and herewith thank them for
the privilege.

Respectfully submitted,
ELIZABETH A. EDMISTON,
Chairman,
CHILD WELFARE COMMITTEE,
WOMAN'S BRANCH OF HOME DE-
FENSE.

INFLUENZA BAN LIFTED WEDNESDAY

Health Board Decides Epidemic Has Waned Sufficiently to Allow Churches, Theaters and Schools to Reopen—Epidemic Has Hit City Heavily.

At a special meeting of the board of health held Wednesday afternoon it was decided that the influenza and pneumonia epidemic had waned sufficiently to allow the ban on churches, schools, theaters and public gatherings to be raised, and after a thorough discussion that action was taken on the motion of Mrs. Hattie B. Michael.

During the first five days of this month seventy-seven new cases of influenza and pneumonia and five deaths from pneumonia had been reported to the health board which shows that while the epidemic may be checked it is far from being wiped out.

In discussing the lifting of the ban Dr. E. E. Norwood and Dr. Henry Van Hovenberg, acting health officer, were of the opinion that the ban should remain in force until Sunday when the churches should be allowed to reopen.

Commissioner McBride said that at the meeting held last week the impression had been given out that unless conditions grew serious the board expected to raise the ban today.

Mayor Canfield stated that the business men of the city stood behind the board in its action in placing a ban on the city's activities, but many had come to him during the past few days and expressed the opinion that as the epidemic was waning the ban should be lifted.

Dr. Norwood and Commissioner McBride stated that the epidemic was now sweeping through the outlying districts outside of Kingston.

After further discussion Commissioner Michael moved that the ban be lifted today and that the schools be allowed to open on Monday. The motion was carried.

The epidemic has hit Kingston severely. Since October 9, when the ban was placed on the city, about 8,000 cases of influenza and pneumonia had been reported to the health board, while the death toll had been extremely heavy, totalling about two hundred deaths.

There is hardly a family in Kingston that has not been visited by the disease, and there are many physicians in the city who believe that there were over 8,000 cases as many cases were not reported, the doctors being so busy while the epidemic was raging that it had been impossible for the patient to secure their services.

The theaters opened this afternoon after being closed about four weeks, and in some of the churches prayer services will be held this evening.

The board decided to defer action on the use of the emergency hospital in the armory and the Home of the Holy Childhood in Ponckhockie until the next meeting.

Mayor Canfield presided at the session with Commissioners Hulme, Kaufman, Mahar, Michael, Norwood and McBride present. Acting Health Officer Van Hovenberg, Secretary Fred Salloff, Sanitary Inspector Fred Dressel and Superintendent of Schools M. J. Michael were also in attendance at the session.

The board before adjourning extended a vote of thanks to the physicians and nurses of the city and the public in general for their co-operation with the board during the days of the epidemic.

THAT ESOPUS TRAGEDY.

Resident Criticizes Published Story of Donaldson Deaths.

Esopus, N. Y., Nov. 4, 1918.

Editor of Kingston Freeman:

Dear Sir:—As a resident of the town of Esopus, in the vicinity where it was reported that such a horror, beyond belief was enacted, according to the report of The Daily Freeman of Saturday evening, I would like to correct some of the statements made in the same, if the same may be published. Now, in regard to Frank Donaldson dying first was a mistake as Mrs. Donaldson's death notice was published on October 31st, having died on October 29th, at which time her husband was still alive and reported as improving. Now, in regard to the expenses of the funeral making arrangements for the burial of the parents of the afflicted family, he was not notified until after their deaths were published. I think the family would not have been in such dire circumstances if Mr. Donaldson was as ambitious as stated and the immediate vicinity needs no introduction to conditions. It is generally understood that the father of the dead man owns three large farms, has a good bundle trade, also money in bank, then expects the town to defray burial expenses. And as to missionary work! Yes, there is a good field here to work upon, providing the right start be made, but it should be to make some of these men in business here, who are prospering, and on Sunday they go to church and sit in the choir and sing "Praise God, From Whom All Blessings Flow," instead of giving his less fortunate brother a chance to live, and care for his family. The father of this family, I think Donaldson, also owns a saw mill and the same time on which his son lived, and the father living on the adjoining farm, and then the bodies of his son and daughter lying dead in the house all this time, and the children around for, whose duty would it properly be to look after a family like this, the parents or the town of Esopus and poor master, who looks after the business entrusted to his care in a conscientious manner? Hoping to see the foregoing in your next issue, I am yours truly,

A SUBSCRIBER AND RESIDENT OF THE VICINITY.

WHAT THE UNITED WAR WORK CAMPAIGN IS

THE WHITE HOUSE,
WASHINGTON.

"My Dear Mr. Fosdick:

"May I convey through you as Chairman of the Commission on Training Camp Activities, a very warm expression of the Government's appreciation of the splendid services rendered by the seven officially recognized volunteer organizations which are ministering to the troops at home and overseas? The agencies to which I refer are YOUNG MEN'S CHRISTIAN ASSOCIATION, YOUNG WOMEN'S CHRISTIAN ASSOCIATION, NATIONAL CATHOLIC WAR COUNCIL, JEWISH WELFARE BOARD, AMERICAN LIBRARY ASSOCIATION, WAR CAMP COMMUNITY SERVICE AND THE SALVATION ARMY. Our Soldiers overseas are fighting the battle for democracy with a spirit and a morale unexcelled in any other army. That spirit and that morale will win the war! Through the work which these seven organizations are jointly conducting, is expressing her wholehearted support of our troops in camp and in the lines, and her anxious desire that the fine edge of their training as fighting men should be maintained. The activity of these organizations therefore, in mobilizing the home, the club, and the church behind the army is of vital military value and will be of the most essential value in effecting the result.

"The united war work campaign of these societies is merely another indication of that unity of spirit as a nation that is making it possible for us to win the war. That spirit and the place which the work of these agencies has made for itself in the hearts of all of us gives me confidence to believe that the united campaign will be crowned with abundant success."

Cordially and sincerely yours,

WOODROW WILSON.

The President has voiced his belief what this spirit of unity will be. As a nation we are united in the winning of this war. As a nation we stand behind our fighters eager and prepared to do for them whatever will hasten victory and make the fighters' task a little lighter.

As individuals there is little we can do. As a nation we can work wonders through the seven organizations authorized and recognized by the Government.

They come to you not as Catholics, nor as Jews, nor as Protestants, nor as the representatives of any creed or enterprise, but as Americans to ask that you join in this great united undertaking for God and country and our fighters.

The President has voiced his belief that this spirit will be "crowned with abundant success." This success should be even

greater if peace is upon us than if we were to face another year of war.

With the cessation of hostilities, it will become more than ever necessary for us to stand by the boys over there. Surely, after they have done their part in winning the victory, we cannot for one moment allow them to feel that they are neglected and forgotten.

It rests with you: Think of this campaign as your sole responsibility. What you give will mean its success. You cannot leave this undertaking to others. It is YOUR campaign. In France Americans are fighting this war as if the result depended on the way each individual fights. At home this campaign rests with you. What will you give—decide today—and make your share the biggest thing you ever did.

The Ulster County War Chest Campaign includes Ulster County's quota for the seven organizations which at the request of President Wilson have joined in the one United War Work Campaign.

The War Chest also includes the local war welfare and social welfare agencies.

It makes unnecessary for one year any further campaigns except the American Red Cross, and membership and investment campaigns. It expresses for Ulster County "that unity of spirit as a nation that is making it possible for us to win the war," to which President Wilson refers in his letter to Mr. Fosdick.
